CONTENTS – Volume 16, No 4

Capturing stratigraphic and sedimentological complexity from submarine channel complex outcrops to digital 3D models, Karoo Basin, South Africa
J K Pringle, R L Brunt, D M Hodgson & S S Flint 307

Geological controls on Upper Permian Plattendolomit Formation reservoir prospectivity, Wissey Field, UK Southern North Sea
C Duguid & J R Underhill 331

Integrating streamer and ocean-bottom seismic data for sub-basalt imaging on the Atlantic Margin
K W H Lau, R S White & P A F Christie 349

Overpressure-generating mechanisms in the Peciko Field, Lower Kutai Basin, Indonesia
A M Ramdhan & N R Goulty 367

Palaeozoic source rocks in the Dnieper–Donets Basin, Ukraine
R F Sachsenhofer, V A Shymanovskyy, A Bechtel, R Gratzer, B Horsfield & D Reichenbacher 377

Validation of Hurst statistics: a predictive tool to discriminate turbiditic sub-environments in a confined basin
F Felletti & R Bersezio 401
